Dear Mr. Moya:

The purpose of this letter is to request an extension in responding to your August 22, 2012 request. In your August 22, 2012 letter, you requested a proposal to be submitted in September 2012 that would detail the steps to be taken to address the EPA concerns about the fate and transport of pentachlorophenol (PCP) at the Arkwood, Inc. Site. We are requesting a two week extension until October 12, 2012 to respond to the EPA's concerns.

Please do not hesitate to contact me at (608) 848-4134 if you any questions about this extension request.

Sincerely,

Jean A. Mescher, Project Coordinator
Director, Environmental Services
